Sinanen Holdings Co., Ltd. (Headquarters: Minato-ku, Tokyo, President and CEO: Masaki Yamazaki, hereinafter “Sinanen Holdings”), a comprehensive energy, housing, and daily-life services provider, takes pleasure to announce the release of the “Sinanen Holdings Corporate Report 2022” published for viewing on our corporate website.

■ Issuance of Corporate Report

Sinanen Holdings has been working on the 2nd Medium-Term Management Plan for the three-year period since FY 2020. Our Corporate Report 2022, which references the “Guidance for Collaborative Value Creation” of the Ministry of Economy, Trade and Industry and the “International Integrated Reporting Framework” of the International Integrated Reporting Council (IIRC), communicates the Group’s progress on and outlook for the 2nd Medium-Term Management Plan targeting the realization of a decarbonized society and the achievement of SDGs (Sustainable Development Goals), as well as our ESG initiatives and more.

Our progress on and outlook for corporate culture reform, financial strategy, and DX strategy related to the three qualitative targets of the 2nd Medium-Term Management Plan are communicated through messages from the officers in charge. In the business strategy section, we have a special feature on the bicycle sharing business, which is one of our key businesses.

In addition, in June 2022, the Group declared its endorsement of the recommendations of the Task Force on Climate-related Financial Disclosures^{*1} and joined the TCFD Consortium^{*2}, which is comprised of endorsing companies and organizations. In conjunction with this, we expanded the content on the environment, which is centered on our actions to address climate change and also pertains to our ESG initiatives, from the previous fiscal year.

PRESS RELEASE

By using the Corporate Report as one of the communication tools for the constructive dialogue with our various stakeholder constituencies, Sinanen Holdings aims to promote sustainable growth and enhance the enterprise value of the Group.
