Sinanen Holdings Co., Ltd.

Sinanen Co., Ltd.

## Launch of the Sinanen Next Generation Energy Maintenance Partners Association on April 1, 2024 in an Aim to Improve the Quality of Maintenance Work for Home Solar Power Facilities and Storage Batteries and Strengthen the Partner Company Network

-Contributing to the Achievement of a Decarbonized Society by Strengthening the Maintenance Work System Throughout Japan and Contributing to the Continuous Use of Renewable Energy in Homes-

Energy solutions provider Sinanen Co., Ltd. (Headquarters: Minato-ku, Tokyo, President and CEO: Naoki Shimizu), a subsidiary of Sinanen Holdings Co., Ltd. (Headquarters: Minato-ku, Tokyo, President and CEO: Masaki Yamazaki), a comprehensive energy, housing, and daily-life services provider, provides maintenance and other services for household solar panels and storage batteries. Sinanen Co., Ltd. is pleased to announce the launch of the Sinanen Next Generation Energy Maintenance Partners Association on April 1, 2024 in an aim to improve the quality of work carried out by Sinanen's partner construction companies and strengthen the partner company network.

### ■ We aim to strengthen the system for high-quality maintenance work throughout Japan by holding training sessions and exchange meetings for partner companies in various regions across Japan

Sinanen, through partner construction companies nationwide, perform maintenance on home solar panels and home batteries, and related electrical work.

The newly launched Sinanen Next Generation Energy Maintenance Partners Association has been joined by 42 partner construction companies <sup>\*1</sup> from all over Japan. Going forward, we will provide various forms of support for the partner construction companies that have joined in an aim to improve the quality of construction work and strengthen the partner company network.

As an example of such support, we aim to improve the quality of work and prevent accidents through means such as conducting 2nd class qualified certified electrician examination training sessions, foreman and safety and health manager training, and business manners training. Furthermore, we will aim to strengthen the partner company network by holding exchange meetings for acquiring information on construction in each region and mutual provision of new projects. Sinanen and its partner companies will work together to contribute to the achievement of a decarbonized society by strengthening the system for high-quality maintenance work nationwide and contributing to the continuous use of renewable energy in homes through the implementation of these initiatives.

A launch meeting was held on February 27, 2024, attended by Mitsuteru Iwami, Chairman of the Maintenance Partners Association and President of Frontier Support Co., Ltd.; Naoki Shimizu, President and CEO of Sinanen Co., Ltd.; Masao Watanabe, Senior Managing Director of Sinanen Co., Ltd., and representatives from 29 other partner construction companies.

Sinanen's network of partner companies extends throughout Japan and can provide installation services for maintenance of solar panels and storage batteries for homes in any area, from Hokkaido to Okinawa Prefecture.

Going forward, we will contribute to continuous use of renewable energy in homes and the achievement of a decarbonized society by further strengthening the system that enables us to perform high-quality work in all regions of the Japan together with our partner companies through the initiatives of the Sinanen Next Generation Energy Maintenance Partners Association.

\*1 42 partner companies from Hokkaido, Aomori, Miyagi, Fukushima, Gunma, Chiba, Tokyo, Saitama, Kanagawa, Yamanashi, Nagano, Shizuoka, Aichi, Gifu, Osaka, Wakayama, Hiroshima, Okayama, Tottori, Yamaguchi, Kagawa, Ehime, Kochi, Fukuoka, Kumamoto, Saga, Miyazaki and Okinawa prefectures
